

GLP DRX Sleeve Information

GLP DRX Sleeve for JDC Burst 1 (#56800)
03/10/2025

1 GLP DRX Sleeve general information:

The GLP DRX Sleeve is delivered together with the GLP product and ensures optimal protection during transport thanks to the optimal covering.

The DRX Sleeve can continue to be used by the customer as a permanent transport solution after delivery. The size of the DRX Sleeve is optimized for use in a standard flight case.

When transporting the GLP product in the DRX Sleeve, the tilt lock must be opened.

2 GLP DRX Sleeve compatibility:

This GLP DRX Sleeve is compatible for the following products:

- GLP JDC Burst 1

3 GLP DRX Sleeve dimension:

Height (Sleeve only): 293mm (11.54")
